1.2 Technical

Key Drivers,
Component Parts and Proposals
Compliance with the Board/ Employer's Requirements,
Rational behind our proposal
Benefits we Bring

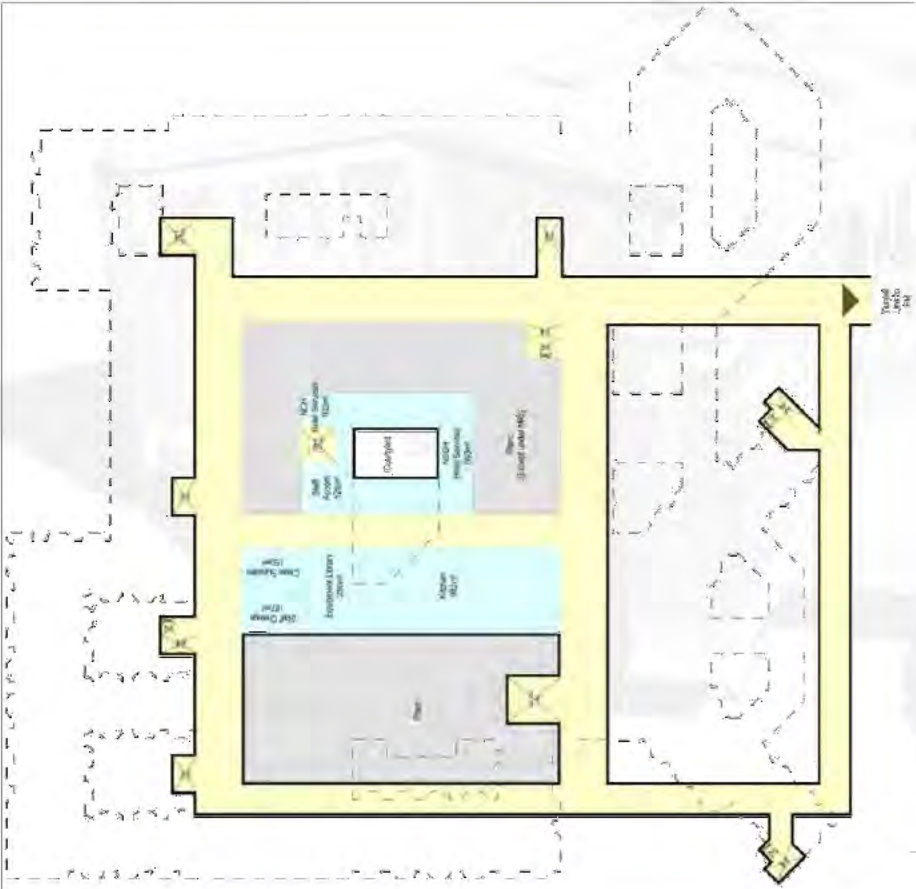

1.0 to 1.4	Accommodation Schedule	2.13	1:200 Sections	3.2	Wayfinding Strategy
2.1	Masterplan	2.14	3D Images	3.3	Arts Strategy
2.2	1:500 Departmental Relationships	2.15	Hospital Main Entrance	3.4	Acoustics Strategy
2.3	1:200 Departmental Layouts	2.16	1:500 Landscape Plans	3.5	FM Strategy
2.4	Annotated Drawings - Adult A&E	2.17	External Works Sections	3.16 to 3.25	M&E Design Strategy
2.5	Annotated Drawings - Adult Theatre's	2.18	1:1250 Drainage Plans	3.26	Structural Design Strategy
2.6	Annotated Drawings - Adult Ward	2.19	1:500 External Works Plans	3.27 to 3.28	Demolition/ Diversion Strategy
2.7	Annotated Drawings - Children's Ward	2.20	Finishes Schedule	4.0	Specifications
2.8	Annotated Drawings - Children's A&E	2.21	Door Schedule	5.0	Component/ Product Schedule
2.8a	Annotated Drawings - FM Areas	2.22	Structural Design	6.0	Equipment Schedule
2.9	1:50 Room Layouts	2.23	Energy Centre	7.0	SHTM Compliance Statement
2.10	Fire Strategy	2.24	Incoming Services	8.0	ADB Compliance Statement
2.11	1:200 Elevations	2.25 to 2.47	M&E Design Schematics	9.0	Programme
2.12	1:200 Roof Plan	3.1	Design Strategy	10.0	Project/ Site Management

The image displays four screenshots of the AEDET (Architectural Environmental Design Evaluation Tool) review form. The sections shown are:

- Section 1: General Information** (Red header): Includes fields for project name, location, and a table for building characteristics.
- Section 2: Design** (Orange header): Focuses on design quality and sustainability, with a table for design criteria.
- Section 3: Construction** (Yellow header): Addresses construction quality and sustainability, with a table for construction criteria.
- Section 4: Sustainability** (Green header): Evaluates sustainability performance across various categories, with a table for sustainability criteria.

BOARD
AEDET
REVIEW

- a. The form of the Adult Acute and Children's Hospital while mutually compatible should have an identifiably distinct character expressed both externally and internally as befits the nature of the patient groups; and
